The resort town Estepona is located in southern Spain on the Costa del Sol. In close proximity to Playa de la Rada is the Paseo Maritimo, a palm tree-lined boulevard. Playa del Cristo, a small cove, and the nearby fishing port are all within easy walking distance from Puerto Deportivo's restaurants and water sports facilities. The subtropical climate with very mild, humid winters and hot, dry summers characterizes the whitewashed old town centre on the flower-filled square of Plaza de las Flores, home to the eclectic artworks of the Colección Garó. The average high throughout the winter is a comfortable 18 degrees Celsius. The average yearly temperature is over 19 degrees Celsius. There are around 300 sunny days each year in the costa del sol.
